CHURCH'S STONE LAID BY MASONS

Hundreds Attend Services at Petworth M. E. Congregation's New Structure.

'MUST STAND FOR CHRIST'

Rev. Dr. Gray Says Pendulum Swinging Back to Days When Preachers. Not Mixers, Were Wanted.

Several hundred persons stood in the chilly wind for two hours yesterday arti-errison as witnesses of the corner stone laying for the Petworth Methodist Episcopsi Church, at Grant Circle and New Hampshire avenue northwest. The cere-money was conducted by the Grand Lodge of the Masonic order of the District,

of the Masonic order of the District.
Less than ten years ago the church was
founded with a membership of twenty.
Now there are 300 members and 550 in the
Sunday school. The old quarters at
Eighth street and Shepherd avenue
northwest have been outgrown. When
it is completed next June, the congregation will have a fireproof structure comparing well with any. It will be a mod-ern church in the newer sense of that term, with gymnasium and later a swim-ming pool, club rooms, etc. Thirty-five thousand dollars have already been raised for the first stage in the construc-tion. Ultimately it will cost \$50,900.

"Must Stand for Christ." Rev. Joseph M. M. Gray, D. D., of the Grand Avenue M. E. Church, in Kansas City, was the chief speaker. He was formerly paster of the Hamilne M. E. Church, of this city. In his address he defended the idea of the modern church. "To many that term suggests a Judas in the ranks of the disciples," said he. "But it is not of such an idea that I would speak. The true modern church is the newest church and at the same time." has the oldest Scriptures behind it. The modern church must stand as never be-fore, or I might say as ever before, upon the Christ of the creed.

"The church has but recently passed "The church has but recently passed through a stage in which the inquiry has been of pastors rather than of preachers. 'Is he a good mixer' has been asked, rather than 'can he preach, or is he a leader.' The pendulum is swinging back now to a situation like that of sixty years ago, when men who could really preach were sought. The pastor of a modern church must be a leader in his community, he must help leader in his community, he must help

community.

"If the church brings social vision and insight, if its work is reflected in the homes of the people, then it matters not how high its tower is or how plain its structure. It will then be the modern church with the old Christ, the old creat and with greater power." old creed and with greater power."

Masonic Lodge in Charge. Following the address of Dr. Gray, the Masonic quartet, lead by J. Walter Humphrey, sang and the ritualistic services were conducted by the officers of the Grand Lodge F. A.
